Breathable lumbar support

DONJOY®

DONJOY POROSTRAP 2.0™

Breathable lumbar support

For breathable lumbar support, choose DonJoy Porostrap 2.0™. Its mesh materials and vented bilateral straps help deliver comfort and pain relief for sedentary to active patients with low back pain.

INTENDED USE/INDICATIONS

The DonJoy Porostrap 2.0 is designed to provide comfort and support of the lumbar spine. It may be suitable for the symptomatic relief of acute and chronic low back pain. Provides compression without significant restriction of mobility, can be adjusted as and when required by the adjustable strap.

- Acute lower back pain
- Chronic low back pain
- Muscular weakness

FEATURES AND BENEFITS

- **Available in 2 heights 26 cm and 21 cm**, allowing enhanced fit for male and female patients
- **Mesh material** provides comfortable breathability
- **Dual hand loops** for easy application
- **Adjustable bilateral straps** for controllable compression. Vented sections aid breathability
- **4 flexible dorsal stays** to provide support to the lower back
